Re: Recommendation for Paul Kentnor Construction

To whom it may concern:

I have known Paul Kentnor for several years. Paul has done numerous jobs for me in my apartment business in Bound Brook, NJ. We are currently converting some 21 apartments to condominiums. As the units are vacated, Paul has taken complete control of all aspects of renovation and repair. This has included installation of new windows, kitchens, bathrooms, painting, carpeting, etc. He has also been responsible for handling tenant emergencies as needed.

Paul has proven himself to be a very reliable and thorough person. He has performed his duties fast and efficiently. The quality of his work has been very good to excellent.

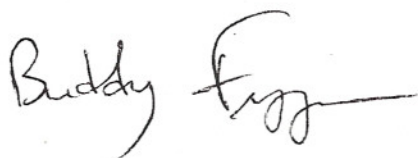

Paul is a pleasant and friendly person. It is my pleasure to recommend Paul to do work in the construction field.

To Whom it may concern:

I recently contracted with Paul Kentnor of Kentnor Construction to remodel a portion of my house. Paul constructed a new room out of what had been a garage and remodeled both my kitchen and family room.

During all stages of this project Paul and his helpers displayed a respect for my property and great efficiency. The work began and ended when promised. I would recommend Paul and his crew for any work whether large or small.

RE: Paul Kentnor

Dear, Mr. Garrett,

I have worked with Mr. Kentnor on a variety of Fort Monroe construction projects over the past four months and would like to let you know how much I appreciate his expertise.

He was assigned our most difficult and high profile projects when the prior superintendent left on short notice. He immediately took charge, familiarizing himself with the projects and then organizing and scheduling the subcontractors. His attention to detail, tenacity and ability to anticipate possible problem areas brought all his projects to successful completion with virtually no punchlist and a very high degree of customer satisfaction.

Mr. Kentnor is a very accomplished professional and is proficient in all aspects of construction. It is rare to find people with his abilities and drive in this day and age. It has been a pleasure to have worked and been associated with him.

Sincerely,  
CENTENNIAL CONTRACTORS ENTERPRISES, INC.
